ATTENTION: ALL INSPECTION AGENCIES WORKING WITH THE CITY OF KINGMAN
Re: RECOGNIZED SPECIAL INSPECTION CERTIFICATION CATEGORIES:

Dear Sirs;

Where application is made for construction as described in section 1704 of the International Building Code adopted by the City of Kingman, the owner or the registered design professional in responsible charge acting as the owner's agent shall employ one or more special inspectors to provide inspections during construction on the types of work listed in this section. The special inspector shall demonstrate competence for inspection of the particular type of construction or operation requiring special inspection.

When the City of Kingman reviews the plans for such projects and finds special inspection is required, we will sign off on Special Inspectors from Approved Agencies that show current certification within the area of expertise they intend to provide inspection services for. Only approved special inspection personnel may perform special inspections in this jurisdiction.

Written requests for substitution of experience and education for recognized certification will be considered on a case by case basis.

Sincerely, David N. Hatrick, Building Official

RECOGNIZED CERTIFICATION CATEGORIES: The following certifications are recognized for special inspection personnel approval requests for On-site areas:

A. ICC (Concrete, Masonry, Structural Steel & Welding, Fireproofing, and Building): Reinforced Concrete Special Inspector (R); Pre-stressed Concrete Special Inspector (P); Structural Masonry Special Inspector (M); Structural Steel and Bolting Special Inspector (S); Spray-applied Fireproofing Special Inspector (F); Building Inspector (BI); Combination Inspector (CI); Residential Building Inspector (RI); and Commercial Building Inspector (CBI).

B. AWS (Structural Steel: Welding): CWI, according to AWS guidelines or CSA Standard W178.2; SCWI, CWEng, and CWE according to AWS guidelines.

C. NICET (Earthwork, Shallow Foundations, and Deep Foundations): Field Personnel, Geotechnical Engineering Technology-Construction Subfield Levels I, II and III (N-I-GET, N-II-GET and N-III-GET). Laboratory Personnel, Construction Materials Testing-Soils Subfield levels I, II, III and IV (N-ICMT, N-II-CMT, N-III-CMT, and N-IV-CMT).

D. ASNT (Structural Steel: Non-Destructive Testing): NDT II (Radiographic Testing, RT; Magnetic Particle Testing, MT; Liquid Penetrant Testing, PT; and Ultrasonic Testing, UT) qualified in accordance with American Society of Nondestructive Testing (ASNT) document SNT-TC-1A (current edition). NDT III (RT, MT, PT, and UT) certified by ASNT. In-house certification of NDT III is not acceptable. Program qualification to other documents will be considered on a case-by-case basis.

E. ACI (Concrete): Field personnel, ACI Concrete Construction Inspector (ACI-CCI).

F. ACI (Concrete and Masonry): Field personnel: ACI Field Testing Technician-Grade I (ACI-I-F). Laboratory Personnel, Concrete Strength Testing Technician (ACI-STT); Laboratory Testing Technician-Grade I (ACI-LTT-I); and Laboratory Testing Technician-Grade II (ACI-LTT-II).

G. Troxler, Campbell, or other Equivalent Certifications (Soil): Nuclear Gauge Certificate.

H. NEBB (Air Balance Testing): NEBB Certificate (Air Balance Testing).

I. AABC (Air Balance Testing): AABC Certificate (Air Balance Testing).

J. NICET (Smoke-Control /Fire Protection): Level II in Fire Protection Engineering Technology, Automatic Sprinkler System Layout Subfield (N-II-FPAS); Level II in Fire Protection Engineering Technology, Fire Alarm Systems Subfield (N-II-FPFA).

K. NAARSO (Amusement Rides and Transportation Systems) Amusement Ride Safety Inspector Level I (NAARSO I); and Amusement Ride Safety Inspector Level II (NAARSO II).

L. ATTI Highway Construction material sampling and testing (Soils-Density, Embankment & Base/Sampling, Density & Aggregates for areas outside of the building footing/foundation). NAQTC Nevada Alliance for Quality Transportation Construction will be considered equal to ATTI

M. ACG Certified Commissioning Authority: CxA
