The City of Kingman has an opportunity in our Public Works Department, Streets Division—Traffic Control/Signage. We are seeking an individual with a positive attitude who is dedicated to providing exceptional customer service to the Kingman Community. The successful candidate should be a demonstrated team player who communicates effectively with co-workers and the general public. This highly skilled level electrician performs work in the installation, inspection, maintenance, alteration and repair of electronic traffic control signals and devices, pole-mounted outdoor lighting, associated mechanical equipment and solid state traffic control devices in accordance with National Electric Code (NEC), Manual on Uniform Traffic Control Devices (MUTCD) and any other applicable State and Federal guidelines.

We offer a full-time position with excellent benefits (i.e., Medical, Dental, Vision, Retirement Plan, etc.) and an enjoyable work environment with great people to work with and for!

Join our team in providing quality service to our customers and the community we serve!

Desired Minimum Qualifications:

- Graduation from high school diploma or GED equivalent supplemented by technical/trade school coursework or apprenticeship in electrical trades work.
- Completion of a recognized four year electrical apprenticeship program, or equivalent training, or three (3) years of experience as a skilled Electrician/Traffic Signal Technician/Utility Electrician performing two (2) or more years of electrical work in commercial/industrial environment, preferably in public sector traffic control and signage.
- Any combination of experience and training which demonstrates the knowledge and experience to perform the work.

Special Requirements:

- Valid Arizona Commercial Driver's License at a minimum level of Class B or ability to obtain one within six (6) months of hire to position. Class A CDL (no automatic only restrictions) preferred.
- May require certification or demonstrated competence as electrician.
- Possess Level One International Municipal Signal Association (IMSA) Traffic Signal Certification and will be required to obtain Level Two Certification within twelve (12) months of hire to the position.
- Possess International Municipal Signal Association (IMSA) Work Zone Safety Certification.
- Based on assignment, may be required to participate and obtain NIMS (National Incident Management System) training certifications.
