CITY OF KINGMAN
PRELIMINARY SUBDIVISION PLAT EXTENSION OF TIME
APPLICATION PROCEDURES

In accordance with Section 2.2 of the Kingman Subdivision Ordinance the following procedure and approval process shall be followed:

1. **APPLICATION PROCEDURE:** Approval of a preliminary plat is valid for a period of twenty-four (24) months from the date of Council action. If the subdivider does not process the final plat or phase thereof within the twenty-four (24) month time frame, or ask for and received an extension of time, then all proceedings relating to the preliminary plat shall be terminated. However, the preliminary plat approval may, upon submittal of this form to the Development Services Department by the subdivider, be considered for an extension of time prior to the end of the twenty-four (24) month period.
2. **FILING:** The extension of time application shall be filed with the City of Kingman Development Services Department prior to the end of the twenty-four (24) month time frame for the subject preliminary subdivision plat. The City of Kingman Development Services Department maintains a database of all approved preliminary subdivision plats and their expiration dates. Please call Development Services at (928) 753-8130 for preliminary plat expiration date information.
3. **PLANNING STAFF REVIEW PROCESS:** Upon receipt of all required materials listed in the Preliminary Subdivision Plat Extension of Time checklist, in accordance with ARS 8-835, an administrative review is conducted to determine the completeness of the application. The time frame to complete this administrative review is ten (10) working days. Upon a determination that the application is complete, the Development Services Director shall forward a copy of the preliminary plat extension of time request to the following agencies for evaluation and recommendations: Engineering Department, County Health Department, Fire Department, Public Works Department, utility companies, and other agencies who may be concerned. Interested agencies shall have ten (10) working days from the date of receipt of the information to complete their review. Agencies shall submit their evaluation report to the Development Services Director. No reply by an agency within the time limit specified shall be deemed as having no objection to the extension of time request.

When all replies have been received, or the specified date of reply is reached, the Development Services Director shall prepare a communication to council, including replies or comments from the reviewing agencies, and a resolution and forward a copy to the subdivider and/or agent's engineer. The Development Services Director shall schedule the review of the preliminary plat extension of time by the Common Council at their next regularly scheduled public meeting.

4. **CITY COUNCIL ACTION:** The Common Council may extend the original preliminary plat approval for two years if there is no change in conditions within or adjoining the preliminary plat that would warrant a revision in the design of the original preliminary plat.

If there have been major changes in the area affecting the preliminary plat or changes in development standards, the Common Council may extend the preliminary plat validity for an additional 95-days to allow the subdivider to redesign the preliminary plat to include the necessary modifications and resubmit the modified preliminary plat for review by the Planning and Zoning Commission and subsequently by the City Council. The City Council may then determine whether to approve the modified preliminary plat or not extend the approval of the preliminary plat. The City Council may grant a greater than a 95-day modification period at its discretion.
