- Customer # Account #** - The Customer # represents you as the utility service user. The Account # represents the address where the utility service is being provided. Both of these numbers make up your account.
- Due Date**—This is the date your payment is due.
- Amount Due**—This is the total amount due on your account. It includes current and past due charges.
- Service Address**—The is the address where utility service is being provided.
- Charge Description**—This is a complete list of the utility services you are being billed.
- Meter Number**—This is your water meter number.
- Previous and Current Reading**—Your meter reads will no longer be presented in 1,000's of gallons. They will reflect actual reads. Sample bill example: Citizen Kingman's previous read was 150. Their current read is 5,150. Citizen Kingman used 5,000 gallons.
- Total Actual Charges**—These are your actual charges for the current billing period.
- Total Amount Due**—This is the total amount due on your account. It includes current and past due charges.
- Graph**—This is a visual representation of your water usage. The current month will be in color.
- Budget Bill Message**—If you are a budget bill customer, your budget bill message will appear in this area.
- Messages**—As needed, we will include important messages and updates on this portion of your bill.

For questions, call Utility Billing at (928) 753-5561, option 1, option 1.
