I understand from our conversation on October 29, 2018 that the Kingman City Clerk's Office does not have a form – either online or paper – for entities to file expenditure reports for ballot measure expenditures as required by A.R.S. § 16-926(H). As a consequence, and on behalf of Angle Homes, Inc., I am sending the information required by that statute to you by email out of an abundance of caution.
