City Businesses *REQUIRED* to Follow Governor's Executive Order -Gyms, Bars, and Movie Theaters to Close, Restaurants to only offer take out or delivery-

KINGMAN, Ariz. – Until further notice, all bars, movie and stage theaters, indoor gyms, and fitness clubs in the City of Kingman, *must* close to the public immediately. All restaurants must prohibit on-site dining but may continue to provide pick-up, delivery, and drive-thru service. All restaurants should also be aware of the temporary modifications in the Executive Order related to the carry out of alcoholic beverages; businesses can view the State's [Department of Liquor Licensing and Control](#) for direction on those provisions.

Governor Ducey issued [Executive Order 2020-09](#) on Thursday, March 19, 2020, “limiting the operations of certain businesses to slow the spread of COVID-19.” The order mandates closing access to the public to certain establishments located in counties of the State with confirmed cases of COVID-19.

Cafeterias at nursing homes, hospitals, and similar facilities, as well as any soup kitchens that provide meals to the needy, are *not* subject to these restrictions and may continue normal operations, however, strict precautions to ensure social distancing (at least 6 feet between people) and appropriate hygiene are to be in place.

To help contain the spread of COVID-19 and other diseases spread through respiratory droplets, including the flu, health officials have issued the following recommendations:

- Wash your hands regularly with soap and water for at least 20 seconds or use an alcohol-based hand sanitizer.
- Refrain from touching your eyes, nose and mouth.
- Don't make close contact with sick individuals.
- If you are sick, stay home.
- Cover coughs or sneezes with a tissue and throw the tissue away.
- Clean and disinfect objects that are frequently touched.
- If someone in your family tested positive for COVID-19, keep that entire household at home.
- Cancel or postpone mass gatherings of 10 or more people
